About All Nations

Our story is about the love that goes beyond safe human relationship, one that walks a rough road of discipleship no matter the circumstances. We will train, we will strategize, we will go to unmarked places on a map that has long been forgotten by past explorers...to lift a new banner, a flag that heralds a new rule. Let His Kingdom come!!

Our mission is to make disciples and train leaders to ignite church planting movements among the neglected peoples of the earth.
